

PhD Defence

PhD student Georgi Plamenov Tanev

“A Modular Design Approach for Programmable Cyber-Fluidic Systems”

Monday, 25 January 2021, at 13:00

The Technical University of Denmark

Virtual PhD defence

For participation please register no later than January 22 at 12:00 at:

<https://www.conferencemanager.dk/phddefencegeta>

Supervisors:

Professor Jan Madsen, DTU Compute

Co supervisor: Professor Winnie Svendsen, DTU Bioengineering

Examiners:

Professor Paul Pop, DTU Compute

Professor Robert Wille, Johannes Kepler University Linz

Professor Arben Merkoci, Catalan Institute of Nanoscience and Nanotechnology, Barcelona, Spain

Chairperson:

Associate Professor Sven Karlsson, DTU Compute

A pdf download of the PHD thesis is available after registration.

For questions please contact secretary Karin Tunder at: katu@dtu.dk
